

Cookie Policy

Last updated: 10/05/2026

This Cookie Policy explains how cookies and similar technologies are used on the website owned or operated by **Nuleum LTDA** (“Nuleum”, “we”, “us”, or “our”). These technologies help improve your browsing experience, allow us to understand how you interact with our website, and support fraud prevention and security measures. This policy also outlines your options for managing cookies and related technologies.

We reserve the right to update this Cookie Policy at any time. Please refer to the “Last updated” section at the top of this page to check the most recent revision date. Any updates will take effect once the revised Cookie Policy is published on or made accessible through the website.

What are cookies?

Cookies are small data files placed on your device by websites you visit. They help websites function properly, tailor content to your preferences, and enhance overall usability. By storing information such as your settings or login details (where you have provided consent), cookies allow websites to remember your choices and actions across different pages.

Cookies may be used on certain areas of the website to deliver a more personalized browsing experience. They do not identify individual users or collect personal identity information from casual visitors. Cookies are commonly used across the web to improve website performance, efficiency, and user experience.

What cookies do we use?

Our website <https://nuleum.com/> (“Website”) uses only essential cookies that are necessary for the proper operation and security of the Website and to distinguish you from other users. They do not collect personal data for marketing or analytics purposes and are not used to track you across other websites.

We do not use unnecessary cookies, and we do not share personal data with external parties without your explicit consent. By continuing to browse the Website, you agree to our use of cookies as described in this Cookie Policy. We are committed to protecting your privacy and ensuring a secure experience while using our Website.

Type of Cookies We Use

Session Cookies

Session cookies are temporary cookies that are automatically deleted from your device once you close your browser. They enable the Website to remember your actions during a single visit, such as maintaining your login status, remembering form entries, or navigating between pages smoothly.

Persistent Cookies

We do not use persistent cookies. No data is stored on your device after you leave the Website, ensuring that your browsing activity is not retained beyond your session.

Managing Cookies

Each web browser offers different options for managing and controlling cookies. For your convenience, we provide below links to instructions for adjusting cookie settings in some of the most commonly used browsers. Please note that disabling or blocking essential cookies may affect the proper functionality of the Website.

- [Microsoft Internet Explorer](#)
- [Google Chrome](#)
- [Safari](#)
- [Firefox](#)

If your browser is not listed above, please consult your browser's help or support section to learn how to manage your cookie preferences.

Depending on the type of cookie, there may also be alternative methods for managing cookies that do not require changes to your browser settings.

Third-Party Cookies

We do not use third-party cookies on this Website. Since only essential cookies are used for the basic operation and security of the Website, no additional cookies, such as those used for analytics, advertising, or marketing purposes, are placed on your device.
